

EASIER REGULATIONS FOR R.C.A.F. RECRUITS

Facilities for overcoming educational barriers to many keen young Canadians, eager to enlist in the Royal Canadian Air Force for training as pilot, observer, or wireless operator, are announced at Headquarters of No. 4 Training Command, Regina, Sask.

Legion Educational Service—

The Canadian Legion Educational Services are prepared to provide courses of study for pre-enlistment education of the eager youth of the prairies by the organization of day, evening, or night classes, in the relatively larger centres of population.

Through no fault of their own, a considerable number of young men have not been able to complete their education. Their eagerness for service in the air is common knowledge, and it is expected that the valuable work undertaken by the Canadian Legion Educational Services will lead the way to the attainment of the goal for which so many are striving.

Heretofore such educational ser-

vices have been given through the medium of correspondence courses. The new method of personal instruction is expected to attract much wider interest and more rapid progress.

Much disappointment among young men has been observed in the past because they could qualify in all respects other than educational. For the information of those interested, the following qualification standards are announced:

1. To be enlisted, candidate must have attained the age of 18.
 2. Have successfully completed the first year at High School.
 3. Be physically fit for flying duties in the R.C.A.F. (all have to pass a medical examination prior to being accepted for the course).
 4. Be suitable in other respects.
- An early response to the worthy effort of the Canadian Legion is anticipated. Applicants should communicate as quickly as possible to the R.C.A.F. Recruiting Command located nearest to their place of residence. In No. 4 Training Command these are

THE WEEK IN EDMONTON

Alberta's unique travelling clinic has started on its 1941 tour, and will visit a large number of rural points to administer medical aid to children. This clinic is now in its 17th year of operation. Heading the caravan of mercy is Dr. G. K. Morton. He is assisted by doctors, dentists, nurses and truck drivers. The legislative vote of \$15,174 for this work is similar to that of previous years. Health education and preventive medicine are in addition to the clinic's work, in addition to diagnosis, dental work, vaccinations and minor surgical operations.

After many months of legal bickering, of argument and rebuttal, the Alberta "smoke ring" case is now proceeding through its sixth week of hearing in Edmonton. Thirty-six tobacco manufacturers, wholesalers and jobbers are charged with "combine" practices. They contend, through Lionel Forsyth, K. C., chief defence counsel, that any moves toward "marketing co-operation" in the province were for the purpose of eliminating

"unfair and improper trade practices." J. C. McRuer, K. C., chief Crown counsel, has for two weeks examined H. J. Beveridge, Saskatoon, secretary of the Western Canada Jobbers' Association. He carried on the examination with 400 documents marked as exhibits.

DEPT. OF AGRICULTURE NOTES— Farm And Home Week—

The programme for Farm and Home Week to be held at the Olds School of Agriculture from June 23rd to June 27th is rapidly nearing completion. Several prominent speakers have indicated their willingness to attend and each one will have a message of special importance for farm people. In addition to the topics of interest to the men a programme designed especially for farm women is being arranged too.

EGG CONTRACT REQUIREMENTS TO BRITAIN

Recently a considerable amount of publicity has been given to the egg contracts between the recently formed Canadian Special Products Board and the British Ministry of Food. The first contract was for 300,000 cases, 180,000 to be delivered to sea-board by the first of June and the balance for Fall delivery. Recently additional contracts have about doubled the Fall delivery. These contracts called for 60 per cent A and 40 per cent B grades for the total orders. Due to the large percentage of eggs in the lower grades received on the prairie markets, our quota was set at 45 per cent A grade and 55 per cent B grade. Because of largely specialized producer receipts on the B. C. markets, their quota was 100 per cent A grade. This in itself shows that Prairie, and particularly Alberta poultrymen, can do a great deal better than they are doing at present towards fulfilling this part of our war effort.

As stated many times before, one reason why Alberta poultrymen receive the lowest average egg price in Canada is because they are producing such a volume of low grade eggs, especially during the Spring and Summer months. Recent check-ups at

WORLD OF WHEAT

(By H. G. L. Strangway)
Director—The Crop Testing Plan

With all the extra summer rainfall being done this year farmers have a golden opportunity of killing great quantities of weeds.

Wild oats are one of the worst robbers of the farmer's grain. The roots of the wild oat plant in average soil occupy as much space as the wheat roots, and a wild oat plant uses as much precious moisture as does a wheat plant. Three weeks after the seed germinates the wild oat roots are usually down some 25 inches; by harvest time they are often down six feet! It is therefore important to get rid of this pest, and it can be done with care and patience.

If wild oats are plentiful, the land in most cases should not be ploughed during the summer fallow, but only surface cultivated, and only to a depth of three inches. Let the plants grow until they are in the three or four leaf stage; they are then at their weakest. When cut at the stage with a disc or a cultivator the plant will die. If it is taller the joints will root and grow; if it is smaller another plant will often grow from the same root. The main idea is to induce the seeds to germinate and the plants to grow, and then to kill them by shallow cultivation, and to repeat this operation from time to time during the summer season.

—Clareholm Review.

NEWS BRIEFS—

A certain Social Credit member tried to embarrass the position of the Canadian newspapers in the eyes of public when he asked in the House of Commons for the names of the publications who carried war campaign advertising without charge. It is true that the display advertising is paid for, but the columns and columns of supporting reading matter and editorial opinion is not paid for. This was what is known as a "political fast one," for very few members in the House of Commons could give answer and do justice to the publications attacked. We as newspapers, might also ask how many members of parliament are serving without pay in the interests of the war effort.

—Clareholm Review.

"GOD BLESS OUR BRAVE DADDY OVERSEAS"

FOR EVERY CANADIAN who sails the deep, for every airman who flashes through the skies, and for every other man in the fighting forces, the prayers of the nation "rise like a fountain, night and day."

In times of crisis our people stand steadfast. In daily devotions they renew the flame of faith and arm with unseen powers their warriors in the field.

Oftentimes they discern the Unseen Hand. Witness the miracle of Dunkirk. Witness, too, in

the darkest hours the emergence of great inspiring figures to steady the ranks of Democracy and fire its courage and confidence.

Church bells are ringing throughout Canada calling men and women to worship and sacrifice in defence of our freedom, the sanctity of our homes and the future of our children.

Translate your faith into works by buying Victory Bonds.

DR GERSHAW WRITES FROM OTTAWA

Members are looking for the elusive War millionaire. His existence and position is indefinite and he would need to be a superman doing a whole of a business paying 81 per cent excessive Profit tax and Income tax and all the other levies.

Mr. Colwell said he had heard that there were 20 of them but could not say where the story started.

Mr. Hanson was indignant at the suggestion being repeated "based on the imagination of some one who wanted to be of disservice to Canada." Mr. Biley said he was morally certain and entirely satisfied that the story was wholly invented and those making the statement had proceeded on nothing whatever."

The Canadian Motor Car Manufacturers must reduce their output of Passenger Automobiles. One reason for this order is the necessity of conserving foreign exchange. Each factory must reduce the foreign exchange requirements by 20 per cent at least. This should induce manufacturers to concentrate on the production of low-priced cars, with low foreign exchange content. There will be fewer special and deluxe models and more standardization of color, upholstery, finish, etc. This will also mean the release for War work of machine tools and skilled labor. This does not apply to trucks or commercial vehicles.

A priorities officer has been appointed to control building projects. A license must be obtained from him to build an Apartment block, a new factory, a building costing more than \$10,000 and repairs exceeding \$2500

in value. The order does not apply to ordinary dwelling houses or buildings used in the fishing, logging, mining or farming industry. The object of the legislation is to conserve foreign exchange to purchase needed War material, to control the demand for skilled labor, to save material in some places for War construction and the postponement of such work until the post war period to maintain employment and economic activity at that time.

Thirty four members of Parliament spent a Saturday at Camp Border, recently. We saw an Armoured division that would occupy 200 miles of road if the Vehicles were properly spaced. We rode out to the field in Gun Cars, which are fitting descendants of the Hucking Bronchos. We fired machine guns which despatched 900 bullets per minute and we rode in the Armoured tanks up hill and down dale, through forests of trees and over the rough prairie. Some were black and blue for days after but all came away with a vivid impression of the life of a soldier as far as the activity is concerned.

Grimly Silent But Terribly in Earnest—

Canada's effort in this war has been "grimly silent but terribly in earnest."

The little provinces down by the sea are insular and self contained. About one third of Canada's population is in French Speaking Quebec. These people are unique in traditions, religious loyalty, living habits and conservative customs. Ontario is highly industrialized and the prairie provinces, once the bread basket of the world, find themselves suffering

from the disappearance of markets. Beyond the Rockies and washed by the Pacific is British Columbia, with three quarters of a million people engaged in fishing, mining, lumbering and fruit growing.

These far flung areas, with divergent interests and customs, were united by Confederation and stood the test of the great war. The original British and French settlers have welcomed to our shores people from every nation of the world and now all are united in the common cause of making a war effort that has reached a colossal magnitude.

Enlarged Navy—

When war started Canada had 15 ships in its navy and 1774 officers and men. At the rate progress is being made in a few months there will be 415 ships and 27,000 officers and men. Naval costs are 8 per cent of war expenditure. The 220 Million naval construction programme is well under way. Fifty corvettes (a new type of Naval Patrol boats) have been completed and 80 are being built. Ninety-six Cargo ships, to cost about 100 million dollars, are being built on the Pacific coast.

Pilots And Training Schools—

The construction programme calling for 71 air training schools is about one year ahead of schedule. Fifty thousand pilots, air observers, air gunners and Radio operators are being trained and there is a long waiting list. Forty thousand instructors and maintenance men are enlisted and three squadrons are now with the R. A. F. The Air Training Plan is perhaps Canada's greatest contribution and it aims to provide a continuous supply of trained Airmen to carry on for years if need be the war against

Major General Victor Odlum is shown saluting cadets at their camp in England. The review was part of "graduation day" exercises. When it was over the cadets had become commissioned officers.

The Aggressor Nation.

There are 70,000 Canadian soldiers in Britain and 120,000 men in the Active Army in Canada all enlisted for service anywhere in the world. A call is going out now for 32,000 men for an armoured division and an Army Tank division.

War Production—

Canada's War Cabinet Committee headed by the Prime Minister includes besides the 3 Ministers of Defence, also the Minister of Munitions and Supply. Under his department 400 Army Trucks and Gun Carriers are being turned out every day. Seventy thousand of these were used in the Libyan Campaign and another 100,000 are already in use. Chemicals, explosives, airplanes, ships, shells, gun carriages and mountings are being turned out. Tank production has started and 14 types of guns are being produced. These include Naval Anti Tank, Anti Air Craft heavy and light guns. The Bren Gun plant at Toronto has the largest production of any Automatic Gun plant in the world. They are turning out guns at the rate of 47,500 per year.

Airplane engines are being imported but 150 planes a month are being completed and very soon the 40,000 men in this department will show increased production.

War Expenditure—

A Billion and a half of dollars will be spent this year and the greatly increased taxes will cover 76 per cent of this staggering amount. Loans will cover the balance and the extra Billion that Canada is paying out for goods of British order.

The whole economy of Canada has changed from the time only a few years ago when half a million represented the entire expenditure for a year.

MUSIC RECITAL

The pupils of Miss Georgia Chapman, acquitted themselves with credit to themselves and their teacher, when she presented them in recital in United Church Saturday afternoon.

In the playing of the youthful musicians excellent time and rhythm were particularly noted.

Rev. Hunt was chairman. Following the recital the pupils, parents and a few invited friends gathered at the home of Mrs. Garrett, where an abundance of choice refreshments were served, about 35 being present.

Tables were placed on the lawn for the more youthful ones. The following program was rendered.

O. Canada.
Duet— Norwegian Dance— Mrs. Gillespie and Miss Chapman.
Rock-a-bye Baby— Leona Giroux.
The Big Clock— Margaret Miller.

NEW CANADIAN OFFICERS PARADE IN ENGLAND

BEE-KEEPING IN THE WESTLOK DISTRICT

Bee-keeping in the Westlok District is now recognized as an established industry. This branch of agriculture has shown remarkable development during the past few years and it is estimated that the 1941 population will be approximately thirteen hundred colonies.

The Westlok Bee-Keepers' Association, which was organized in 1937, can now boast of a membership of seventy five members and is rendering a valuable service to one hundred and twenty-five beekeepers in the District. Orders for eight hundred and fifty packages of bees were received by the Association this season and distribution of packages has already taken place. Also bee supplies to the value of \$1600.00 were purchased and distributed to members of this organization during the past few weeks.

In order to insure the proper handling of honey and the placing of a high quality product on the market the beekeepers of this District are seriously considering the establishment of a Co-operative Honey Processing Plant in Westlok.

The wintering of bees is becoming quite a common practice among many beekeepers in this area and a reasonable degree of success has accompanied this undertaking.

Ottawa Not Behind Steel Plant Move

Regret at the pending transfer of the Dominion Bridge Company's plant from Calgary to Vancouver has been expressed by Board of Trade officials.

D. Alex Ross, president, said he had word from Hon. C. D. Howe who informed him the government had nothing to do with the moving of the plant, that responsibility rested with the company. Mr. Ross also wrote to the general manager of the company but no reply has been received.

Reason given by the company for the transfer is that there is a steel shortage in Alberta. Board of Trade officials believe plenty of scrap metal is to be found in this province.

—1261—

Independent Iceland

On Tuesday, May 20, Iceland notified Denmark that their union under one crown had ceased. The island now becomes an independent Republic, under protection of British troops who landed in the spring of 1940. Iceland's Althing (Parliament) dates from 930.

Greenland, the next steppingstone on the strategic North Atlantic, is under protection of the United States.

The polls Monday in the Edmonton East bye-election, thereby filling the vacancy in parliament created by the death of her husband.

ONE BIG TASK AHEAD

THERE is one big task ahead for the people of The Empire, and the United States, all others are subservient and should be contributory to the successful prosecution of the War.

We could go back to days when other actions taken would have prevented the present conflict—but those days are past and now we have to pay the price for the short-sighted and selfish decisions then made. But with the all-out aid of the United States we shall win, and a larger measure of freedom and justice will be preserved for the world.

The present days are very difficult ones, but we shall rise victorious over the forces of tyranny now prevailing.

The Peace Settlement then to be made, must be made with an all-round comprehension of justice for all. There will be required the broad vision of men of understanding in all walks of

life.

The time for the making of this Treaty will come. May it be to the fairly near future.

—1261—

ABSENCE OF CHEERING

DURING the parade of last Thursday and also of the manoeuvres on the School Grounds, there was very little cheering and then the attempt was somewhat feeble. This does not imply lack of appreciation of the work of the men. Canadians as a people are not demonstrative.

It might be the right thing for us to make an effort to break through this apparently stolid front, and give some encouragement to the men in uniform—by a good hearty cheer. War is however serious business, and the people at large fully recognize this, and for this reason find it difficult to give voice to lusty cheering.

Quite definitely it is not lack of appreciation, but a fuller sense of the responsibility facing us all, but the

men in uniform in particular that causes that sensation which is not conducive to cheering. The men we believe realize this and duly understand. However we have been frequently told that good lusty cheering does speed them on their way and lessen the sombreness of the atmosphere. So next time and in future let us cheer, in spite of—

So as Grace Fields says in her song—

"With a cheer,
Not a tear,
Make it say."

—1261—

22 TO HIS CREDIT

PILOT ERIC LOCK

Pilot Officer Eric Lock is only 21 years old, but already has 22 Nazi planes officially to his credit. The young R.A.F. fighter pilot is the youngest to receive the Distinguished Service Order of this war. In addition, he has received the Distinguished Flying Cross and a bar to the latter.

NAMAKA

This district has suffered a great loss by the death of Mr. Theodore A. Thorson on May 29th.

For 32 years, Mr. Thorson had been engaged in farming operations East of Namaka, and during that time, had consistently served the community in every possible way. His energy, time and money was unflinchingly given to any cause for the advancement of the community, or of this, his adopted country.

For many years he was a trustee of the Elwood School District, for 14 years a councillor and for 12 years, trustee of the Blackfoot Municipality. He was also chairman of the Elwood Mutual Telephone Co. from the time of its inception.

The funeral took place at Park Memorial, Calgary, on May 31st, the pall bearers being Messrs. H. T. Colpoys, D. McLean, W. E. Thompson, H. E. Thompson, R. Umbrite and J. M. Wheatley.

Several hundred friends and neighbors, fellow councillors, and brother Masons attended, which, with a mass of beautiful floral tributes, all testified to the high esteem and deep regard in which he was held.

We, who knew him, may truly say, "He served his generation," and we wish to extend to Mrs. Thorson and the family our deepest sympathy.

The Red Cross met at the home of Mrs. Bigger on Thursday, May 22nd, with 17 members present. The most important business of the afternoon was planning for the bazaar. The date was set for June 13th, weather permitting at H. E. Thompson's home. The meeting closed with the singing of O Canada, after which a delicious lunch was served by the hostesses, Mrs. Bigger and Mrs. Parvies. The next meeting will be at the home of Mrs. H. T. Colpoys on Thursday, June 28th.

The June meeting of the Ladies Aid will be at Mrs. H. A. Millers on the 13th of June. Mrs. Loy Wheeler will be in charge of the devotional, and Mrs. Peterson the social period.

Mr. Whitbread Visits School—
Mr. B. J. Whitbread, District Agriculturist and Mr. Nicholls, District Poultryman were visitors at the School Monday last. As a result of the meeting held, there promises to be a greater number of livestock exhibits in the School Fair this Fall. Mr. Whitbread is endeavoring to organize among the young people of the Namaka district a calf club. Membership in this club is limited to boys and girls between the ages of 13 and 20. All those interested in becoming members will receive information from Mr. Whitbread, Old Court House, Calgary.

Local News Items

Mrs. Leslie Pearson arranged three
tables of Bridge at her home Thurs-
day evening in compliment to her
guest Mrs. Rawlitt. Some very keen
games were enjoyed and a happy so-
cial hour over the coffee cups follow-
ed. Mrs. T. E. H. Patterson and Mrs.
Hilday held the high and low scores.

Clarence Van Tighem returned last
Saturday from Kingston, Ont., where
he has been attending Queen's Univer-
sity as an Exchange Student from the
University of Manitoba at Winnipeg.

Mrs. Gilbert Plunk was hostess at
a delightful Luncheon Friday last
complimenting Mrs. Leslie Pearson's
guest Mrs. Rawlitt of Edmonton.

Mr. and Mrs. Garrett and Mr. and
Mrs. Earl Gillespie motored to Ed-
monton during the previous week end.

Mrs. Leslie Pearson entertained a
few friends at a charming little Tea
Thursday afternoon complimenting
her house guest Mrs. Rawlitt.

The rite of Baptism was performed
in St. Michael's Church Thursday
for little Beverly May Rawlitt, Mrs.
Rawlitt, Rev. Leslie Pearson officiat-
ing.

Wedding bells and Bridal Showers
are important topics of conversation
in Strathmore during June.

Ether Dolssevain is spending two
weeks holidaying in Poulton at the
home of her aunt Mrs. Johnson.

Sergt. Wm. Tew, of Pembroke, Ont.,
is to be transferred back where he
is to be an instructor for the En-
gineers.

Rt. Rev. L. Ralph Sherman, Bishop
of Calgary will conduct Confirmation
Service in St. Michael and All An-
gels Church, Sunday, June 8th at 7:30
p.m.

Miss Elsie Sorenson is suffering
from a very sore throat necessitating
her going to the Hospital in Calgary.
We hope for a speedy recovery.

Mr. and Mrs. J. H. Manson of Van-
couver spent a few days last week
with Mr. and Mrs. L. H. Phillips. Mr.
and Mrs. Manson are very old friends
of Mr. and Mrs. Phillips.

Dr. and Mrs. Geo. Koch had as their
guests last week the latter's father,
mother and brother. Mr. and Mrs.
Douglas and Earl Doun of Butte,
Montana, also Mr. and Mrs. Ray Doun
of Regina.

Mrs. Harries of Calgary was a guest
Wednesday of Mrs. A. P. Gray, return-
ing to her home Wednesday evening.

Miss Bernice Whiteside came down
from Calgary last week to spend the
intervening time with her parents
previous to her marriage, Saturday,
June 14th.

John French, son of Mr. and Mrs. J.
A. French has joined the Tank Corps
and is now in training in Listowel,
Ontario. John says the scenery is
pretty, but the work very busy.

Mrs. Rawlitt returned to her home
in Edmonton Saturday.

Mr. George Thomson of Nightingale
has been suffering severely from an
attack of arthritis in his foot. We are
pleased to state he is now quite recov-
ered.

Mr. W. S. Patterson will be a dele-
gate to the Annual Convention of the
Canadian Legion meeting in Calgary
Monday and Tuesday, June 9 and 10.

A surprise Birthday Party was ar-
ranged Wednesday evening by a few
neighbors and friends for a genial
neighbor and good friend in the per-
son of Mr. Hector Motcrogger, manager
of the local branch of the Crown Lum-
ber Co. It was a complete surprise as
the honored host had to be summoned
home from business at 10:30 p.m. A
happy evening was spent, choice re-
freshments served and the guest of
honor presented with a very fine
piece of wearing apparel with hearty
wishes for many more happy birth-
days. Mrs. Robison and Mrs. Lonsbury
were the sponsors of the lovely oc-
casion.

A meeting of the Volunteer Firemen
held on Monday evening in The Town
Hall proved almost as exciting as a
fire when the brigade got steam up
and nearly everyone brought forth
their favorite idea all at the same
time. Ordinary outsiders would have
thought they had an official starter.

In spite of, or possibly owing to,
the variety of suggestions, there were
some extremely good ideas brought
out, and action taken in several cases.

TOWN COUNCIL

Council meeting started off on
Tuesday evening at 7:30 p.m. with a
Court of Revision. Two appeals ag-
ainst high assessments were heard
and one granted.

Following the Court of Revision,
the Council went into the regular
agenda. Since it seemed likely that
it would be necessary to borrow mone-
y before the new taxes start rolling in,
the necessary arrangements were
made to borrow up to two thousand
dollars. It was pointed out that the
Council provided for borrowing up
to fifteen hundred, and actually only
borrowed five hundred, but it was
necessary to have a reasonably large
margin.

The agreement with the Calgary
Power regarding a change in the
franchise rates, was turned over to
the Town Solicitor, and the Fire and
Light committee to check before the
next meeting. Any faults there may
be, may be brought in sufficient
time to meet the July liability, when
it is expected to go into operation.

As the lot markers in one section
of the cemetery are in bad shape,
the Cemetery Committee were asked
to see what was necessary, and what
could be done. Suggestion was made
to have more permanent markers in-
stalled. The Secretary was instructed
to write for prices on fine marble, and
to get prices on chemicals, if possible
for the next meeting.

In accordance with a suggestion
from the Attorney General's Dept.
by law No. 212 was turned over to
the Town Solicitor, with a view to
rewording the wording. The Attorney
General suggested that there might
be some ambiguity.

Conservation filled the room when
a letter from the Public Health Bur-
eau informed that the insect, Musca
Domestica, is expected in this area
and will quite likely make forays
here and elsewhere, but a happy
thought was turning it over to the
Sanitation Dept. The insect, by the
way, turned out to be the Housefly.

Pursuant to a decision of a month
ago to install parking signs at two
corners on Main Street, it was decid-
ed to take the sign made to Western
Steel Products, and to see what they
might arrange. Complaints have been
received about bicycles on the
sidewalk. Council found that they
were a nuisance, and must be kept
to the roads. Action will be taken if
cyclists continue to offend, Council
declared.

In response to a question, Council
felt that they were not disposed to
spend money on, nor to encourage the
building of residential quarters in the
Korok building, at the rear. Accounts
amounting to fifty-three dollars were
read and passed.

Councillor Riason, tendering his re-
signation, said he was not disposed to
this must be his last meeting, owing to
business reasons. It was accepted
with regret. Council thanking him for
his services.

VOLUNTEER FIRE
BRIGADE MEET

A meeting of the Volunteer Firemen
held on Monday evening in The Town
Hall proved almost as exciting as a
fire when the brigade got steam up
and nearly everyone brought forth
their favorite idea all at the same
time. Ordinary outsiders would have
thought they had an official starter.

In spite of, or possibly owing to,
the variety of suggestions, there were
some extremely good ideas brought
out, and action taken in several cases.

One idea, for instance, was that
the appointment of a deputy fire chief
would go a long way to alter confu-
sion a some fires, where the chief is
unable to be present. Acting on the
suggestion, J. Swanson was elected
to the post, and other firemen intim-
ated after the meeting, that they will
be inducted into this office at the
next fire.

A suggestion that the Council at
tend the next meeting of the Brigade
was discussed, and it was felt that
the Committee, Councilors, Riason
and Quinn were sufficient. Since the
meeting night was fixed for Tuesday,
they were unable to attend, owing to
Council. A new meeting night, when
the first Tuesday of every month was
decided upon, and members are expect-
ed to be present.

At the request of the Fire Chief
Mr. Garrett filled the post of Sec-
retary, and took over his duties immedi-
ately.

Many of the firemen complained
that they are frequently a long way
from the hall, and by the time they
have arrived, the truck is gone, and
they have no idea where the fire is.
To overcome this difficulty, it was
decided to be present.
